

ARE YOU TRYING TO FIND A FOREVER HOME?

A HOME THAT WILL TAKE CARE OF YOU OR SOMEONE
YOU LOVE, BOTH NOW AND IN THE FUTURE?

It's not easy, since 98 percent of homes today weren't designed for people who want to live in place as they age, families who want multigenerational living or individuals with physical limitations.

We can help.

Homes for Life is a service company that can help you imagine, design and build a custom, beautiful, accessible home in the Carolinas.

We provide expert advice and trusted guidance from home concept to home completion. Our professional partners conduct personal, in-depth healthcare assessments so we can present the facts about your current and future needs and discuss options based on your preferences. By connecting you with our local real estate partners and working only with our certified builders, we make your home-building experience worry-free.

The environments we create are enabling: You get the freedom to enjoy a higher quality of life at home even if your circumstances change.
